

Violence produces its own mix of confusion and discomfort, but there are some simple tricks that make a difference in finding your way out of it on your own terms.3 Jedi Mind Tricks is an attempt to share a few of the hard-won and tested tricks of the trade that sometimes helped so much they almost make it look magical. The author has found enough times to test out these and other methods - and these are the three that made it into the book. Seasoned veterans of violent encounters will find familiar ideas finally put into words, with a hint of research and science behind them. Those lucky enough to have avoided violence will enjoy the ideas presented, and can incorporate them immediately into their own self defense or martial arts training as well.
