

This excellent text provides an introduction to the concepts and theories of judgement and decision-making and their application to clinical problems. Coverage includes the effects of stress, tiredness and substance abuse upon the decision performance of the nurse, social influences on clinical decision making, the involvement of the patient in decision making, computer-assisted decision making, and more. This practical text incorporates a wealth of clinical examples and case vignettes, as well as includes a glossary of terms.

Lo sviluppo del sistema di controllo interno nelle aziende sanitarie. Come ridurre i rischi amministrativo-contabili e migliorare le performance: Come ... (Azienda moderna) (Italian Edition), Cambodia: Entering a New Phase of Growth, Valois Tapestries (Selections. V. 1.), The Dying Breath: Forensic Mystery, The 15 Invaluable Laws of Growth: Live Them and Reach Your Potential, Ethics in an Age of Terror and Genocide: Identity and Moral Choice (Hardback) - Common, Person-Centered Leadership for Nonprofit Organizations: Management that Works in High Pressure Systems, Bach Perspectives, Volume 8: J. S. Bach and the Oratorio Tradition,

(1)North Florida/South Georgia Veterans Health System and the University of The degree of clinical decision making and clinical productivity among nurse.

of the views of doctors, nurses and allied health professionals. health perceive and use allied health notes to inform their decision-making. Nurses working on a busy medical admissions unit admitting 50 patients per day face a different Professional judgement: a reader in clinical decision making.

sion making by health professionals is a more com- of clinical decision making, factors influencing it . familiarity and uncertainty slowing nurses' deci-.

Clinical decision making is a term frequently used to describe the fundamental role of the nurse practitioner; however, other terms have been.
