

If the 1970s were the Me Decade, and the 80s were the years of the Reagan counterrevolution, then the 90s, writes Ellen Willis, were the Decade of Denial. In keeping with the mass medias glib assumption that a phenomenal increase in wealth for a minority meant genuine national prosperity, the 1990s saw an astounding refusal, on both the left and right, to question received wisdom or engage in substantive deliberation. Turning her acute eye to the decades defining moments-imbroglios like those surrounding the O. J. Simpson trial, The Bell Curve, Monica-gate, and the Million Man March- Ellen Willis reveals the mindlessness behind the noise. Arguing that we suffer from a lack of true freedom, she demands that we radically rethink our country and ourselves to create a society in which we can fully enjoy life.

Applied Medical Image Processing, Second Edition: A Basic Course, Taking Sides, My Story is not Unique...: My Journey through Domestic Violence into Gods Awesome Healing, Attracting Birds and Other Wildlife to Your Yard, Traffic Management for High-Speed Networks: Fourth Lecture International Science Lecture Series, All About Your Senses (Health Facts), Reengineering the Corporation: A Manifesto for Business Revolution, Bereavement: Effectively dealing with Grief - How to deal with Grief and move forward (Dealing with grief, grief, depression, loss, suicide, grief and loss of a child, bereavement), Coal In Latin America 1992,

Don't Think, Smile! has 29 ratings and 2 reviews. Lisa said: I give this book 4 out of 5 stars. Not because I like it, but precisely because I didn't lik.

If the s were the Me Decade, and the '80s were the years of the Reagan counterrevolution, then the '90s, writes Ellen Willis, were the Decade of Denial. Reading Ellen Willis feels like a great discussion with a witty, politically perceptive friend over Sunday-morning bagels and endless cups of coffee. \*The s.
